

# Shubham Shinde

 [shubhamnarayanshinde23@gmail.com](mailto:shubhamnarayanshinde23@gmail.com) | [Linkedin](#) | [Github](#)

## SUMMARY:

Full stack software developer with expertise in front-end and back-end development, experienced in working with cross-functional teams.

## TECHNICAL SKILLS:

- **Frontend** – JavaScript, React Js, Redux, Html, Css
- **Backend** – Node.js, Express.js
- **Database** – mySql, MongoDB, PostgreSQL

## EXPERIENCE:

### Associate Technology L1 – Publicis Sapient | Feb 2022 – Present

- Collaborated with cross-functional teams including designers, back-end developers, and project managers to ensure seamless integration of front-end components.
- Developed and implemented responsive web applications, adhering to industry best practices and standards.
- performing thorough testing and debugging to ensure cross-browser and cross-device compatibility, resolving any issues promptly.

### Web Application Developer Internship – Nubax Data Labs | Mar 2021 – Jun 2021

- Translated design mockups and wireframes into clean, efficient, and user-friendly code using HTML, CSS, and JavaScript.
- Implemented modern front-end frameworks such as React.js to enhance interactivity and optimize user experiences.

## PROJECTS:

### Simons Game - [Link](#)

#### Tech Stack – Html, Css, JavaScript

- Learn how to handle and respond to user actions or system events in web development.
- Exploring the different capabilities and functionalities provided by web browsers through APIs, such as manipulating the Document Object Model.

### Android Blood Bank –

#### Tech Stack – Xml, Java, Firebase database

- Developed a user-friendly Android application for a blood bank, leveraging Java and the Android SDK to create a seamless user interface and robust functionality.

## Education -

Jain College Of Engineering | Bachelor's Degree in Computer Science Engineering | Sep 2018 – Aug 2021

Percentage: 7.1 CGPA.
